What are you investing in and who are you investing with?

The **BPI INVEST SUSTAINABLE GLOBAL BALANCED FUND-OF-FUNDS** is a global balanced Unit Investment Trust Fund (UITF) established by BPI Asset Management and Trust Corporation (BPI AMTC) in accordance with, and shall be operated subject to the provisions of its Declaration of Trust/ Plan Rules, and as the same may be amended from time to time, in accordance with the regulations issued by the Bangko Sentral ng Pilipinas and existing laws.

The Fund, operating as a fund-of-funds, seeks to achieve long-term capital growth by investing in a diversified portfolio of global equity and fixed income collective investment schemes which integrate environmental, social, and governance criteria in its investment process, including the incorporation of sustainability goals and facilitation of flow of funds towards green economic activities, climate change mitigation and adaptation projects, and other positive environmental and social impact initiatives. The Fund aims to outperform its benchmark, 50% MSCI AC World Index + 50% Bloomberg Barclays Global Aggregate Bond Index (Unhedged).

The Fund is for investors who:

- Are at least classified as aggressive based on their risk profile.
- Have an investment horizon of at least five (5) years.

The Fund's investment outlets undergo proper screening and evaluation in accordance with the Trustee's accreditation process and minimum regulatory requirements. Regulatory exposure limits and asset allocation ranges as provided in the Fund's Plan Rules are strictly adhered to and monitored on a regular basis. The Fund may also use financial derivatives to hedge the portfolio against market and credit risks.

What are the key risks of this investment?

Some of the key risks associated with this Fund are listed below:

Market/Price Risk: Investors are exposed to adverse changes in the prices of global equities and foreign currency denominated fixed income securities due to adverse market conditions, rising interest rates, unfavorable developments in the political and economic conditions of the countries where the underlying securities of the target funds are issued or traded, unfavorable company earnings and valuations for equities, and other issuer-specific factors for fixed income.

Interest Rate Risk: Investors are exposed to adverse changes in the prices of fixed income securities of the target funds due to a rise in interest rates, which generally causes fixed income security prices to decline. Factors/ events that may lead to a rise in interest rates include adverse market conditions, issuer-specific factors/events and/or negative developments in political and economic conditions.

Liquidity Risk: Investors are exposed to the risk of loss due to the inability of the target funds to convert security holdings to cash immediately or in instances where conversion to cash is possible but at a highly disadvantageous price due to limited participants in the market, low trading volumes, market disruptions, among others.

Credit/ Default Risk: Investors are exposed to the risk of loss due to the failure of the borrower/debt issuer to make timely interest and/or principal payments on its deposit liabilities, loans, bonds or other debt instruments due to a deterioration in the borrower's/issuer's financial condition or external factors and events that may affect its ability to repay financial obligations such as negative developments in political and economic conditions.

Foreign Exchange Risk: Investors are exposed to the risk of loss from a decline in the market value of the target funds when the underlying securities of the target funds are translated to USD.

How can you exit from this investment and what are the risks and costs in doing so?

Investors/participants of the Fund may redeem their investment daily (regular business days). The Fund does not have a minimum holding period, and thus there are no exit fee/s. As a marked-to-market UITF, net asset value, NAVPU/price, and return may fluctuate as a result of price movements and other factors affecting the value of its investments. Gains or losses will only be realized upon actual redemption of units from the Fund. There is risk that the value of your investment, upon redemption may be worth less than the amount of your original contribution.
