**INVESTMENT OBJECTIVE AND STRATEGY**

The Fund, operating as a Feeder Fund, aims to achieve long-term capital appreciation by investing in a Target Fund with a diversified portfolio of attractively-priced stocks with high dividend yields in the Asia Pacific region. It aims to outperform its benchmark which is the MSCI AC Asia Pacific ex-Japan High Dividend Net Return USD Index.

**CLIENT SUITABILITY**

A client profiling process shall be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust / Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

The Odyssey Asia Pacific High Dividend Equity Feeder Fund is suitable only for investors who:

- Are at least classified as aggressive based on their risk profile
- Have an investment horizon of at least five (5) years

Participation in the Fund shall be open to Participants with legal capacity to contract and who are not considered US persons under the US securities and tax laws, subject to the other conditions, rules or provisions stated in the Plan Rules and those established by the Trustee. No beneficial owner shall hold more than 10% of the Fund. Any investor who owns more than 10% shall be asked to redeem the amount (or its equivalent number of units) in excess of 10% within 30 calendar days.

**KEY RISKS AND RISK MANAGEMENT**

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

**Market/Price Risk:** Investors are exposed to adverse changes in the prices of high dividend yield stocks in the Asia Pacific Region, which may be brought about by adverse stock market conditions, unfavorable company earnings and valuations and negative developments in the political and economic conditions of countries in the Asia Pacific Region.

**Liquidity Risk:** Investors are exposed to the risk of loss due to the target fund's inability to convert equity holdings to cash immediately or in instances where conversion to cash is possible but at a highly disadvantageous price due to limited participants in the market, low trading volumes, market disruptions, among others.

**Country Risk:** Investors are exposed to the risk of loss arising from negative developments in the political, economic and social conditions of countries in the Asia Pacific region, which may adversely affect the value of the feeder fund.

**FX Risk:** Investors are exposed to the risk of loss from a decline in the market value of the target fund when the market value of foreign currency denominated equity securities held by the target fund are translated to USD.

The Fund's investment outlets undergo proper screening and evaluation in accordance with the Trustee's accreditation process and minimum regulatory requirements. Regulatory exposure limits and asset allocation ranges as provided in the Fund's Plan Rules are strictly adhered to and monitored on a regular basis. The Fund may also use financial derivatives to hedge the portfolio against market and credit risks.

## OUTLOOK AND STRATEGY

**Market Review.** Asian equities rose to record highs in January driven by investor optimism from the vaccine rollout and the proposed stimulus package by the recently inaugurated US President Joe Biden before pulling back towards the end of the month due to investor concerns on rising cases, pace of the vaccine rollout and increased market volatility. MSCI Asia ex Japan Index returned 4.08% for the month. China and Taiwan led the region due to domestic demand and technology exports, respectively. Overall, growth outperformed value and high dividend for the month.

**Fund Performance.** The fund returned 4.11% in January, outperforming the benchmark by 325 basis points. On the positive side, stock selection in financials and consumer staples helped. On the negative side, stock selection in communication services and consumer discretionary hurt performance.

**Fund Strategy.** The fund will continue to invest at least 90% of its assets in the target fund.

## LIST OF PROSPECTIVE INVESTMENTS

The following are among the Fund's approved investment outlets, wherein the Trustee intends to invest depending on strategy, availability, or other market-driven circumstances:
